

Café & Bistro

BY PRAGUE CHOCOLATE

Prague Chocolate is a Czech family company. The company manufactures and sells quality chocolate products. The most popular are dry roasted almonds in chocolate with different flavours (cinnamon, ginger, chili and salt) and the „Mandala“ collection. Prague Chocolate is also well known for its original hot chocolate!

The company opened its own chocolate Café & Bistro in 2015 where you are now sitting. All food and drinks are prepared with love and joy directly in our kitchen. We mostly use fresh quality ingredients especially from Czech farmers and from local sources. We prefer food without chemical treatment or in organic form.

Harmonized Water

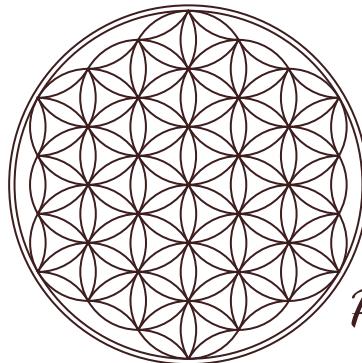

Our harmonized water tastes so much better than the tap version. Water on its way through the water supply flows through many valves and treatment plants under unnaturally high pressure. It therefore loses its natural vital and biological value. Thanks to our harmonizing mandala and precious stones it regains its original quality and taste. Try it for yourself.

Natural Wines (organic)

Wines are specific by natural production process with minimal intervention. No additives are added during the process, the wine ferments spontaneously. Grapes come from organic or biodynamic vineyards. Wines therefore excel in their natural character and perfectly reflect the terroir from where they come from.
